

10/9/04

Dear military family,

I am writing to thank you and your family for your amazing sacrifices. We are completing hero packs as a community service project. One of my best friends has a dad in the National Guard, it was very to see her the day he was deployed. If you join 4-H there is amazing opportunities. 4-Hers like to listen and like to definatly talk I know our country would not be safe without your families sacrifices. Good luck to you, your family, and your deplored family member.

Very Truly Yours,

Derrick
