INDIANA 4-H HORSEMANSHIP CAMP

JUNE 8 – 12, 2015

HENDRICKS COUNTY FAIRGROUNDS, DANVILLE, INDIANA

The Indiana 4-H Horsemanship Camp is for Indiana 4-H members who are at least 12 years of age as of January 1, 2015. Campers bring their own horse or pony to camp, which will be at the Hendricks County Fairgrounds in Danville, Indiana. Campers will arrive mid-day on Monday, June 8th and will depart on Friday afternoon, June 12th.

Emphasis will be placed on showmanship at halter, western horsemanship, and hunt seat equitation.

Applications will be accepted through May 15, 2015. If the camp fills before May 15th, applications will be held in the order received to fill cancellations made no later than May 15th. The registration acceptance deadline will be May 15, 2015.

CAMP FEE: The total fee is $500. A deposit of $300 must accompany the application. Deposits will be refunded if cancellation is made NO LATER THAN May 15th, 2015. The balance of the camp fee, along with a separate $50 stall deposit, is due upon arrival at camp. The stall deposit will be refunded before departure on Friday, June 12th, providing that your stall has been completely cleaned out and passes inspection by the camp staff.

We encourage campers to check with their county 4-H club, 4-H council, or saddle club regarding possible camp scholarships. Several counties cover a portion or all of the camp fee for deserving campers. These inquiries should be made as early in the year as possible.

INSTRUCTION: The camper/instructor ratio is kept to a low level and instructors are selected based on talent, experience, and ability to relate to the campers’ needs. Campers ride approximately five hours per day. Two hours each day will consist of non riding class work covering such topics as training, nutrition, judging, show preparation, and equipment. Class instructors will be the camp staff and guest speakers or demonstrators. Video tape is also used as a teaching tool.

HORSE OR PONY: Animals used at camp do not necessarily need to be the camper’s 4-H project animal. If a horse or pony is injured or otherwise unsuitable for use at camp, we encourage the substitution of an animal whose condition and/or training will enable the camper to benefit more from this learning experience. Camp is not a place for very young or green horses. No stallions permitted, of course.

Animals must be sound, healthy, and in good condition. We ask that all animals have current vaccinations and recommend a flu/rhino booster in mid-May. A veterinarian or farrier will be called for EMERGENCIES ONLY. We recommend that horses be shod, preferably ten days to two weeks prior to camp. We do not have a farrier on staff. A lost shoe or sore-footed horse can lose precious time for the camper until a farrier is obtained.

CONTINUED ON REVERSE SIDE
**HOUSING FACILITIES**: Campers will sleep in buildings with concrete floors. Cots or thick mattresses will be necessary. Our experience has shown that air mattresses are prone to failure, and the concrete floor is hard.

All meals will be catered. Campers may bring snacks, but no ice or refrigeration will be available.

All activities will take place on the grounds of the Hendricks County Fairgrounds. Campers will not be permitted to leave the grounds at any time, NOR WILL VISITORS BE PERMITTED. THOSE WHO APPEAR WILL BE ASKED TO LEAVE. SECURITY AND SAFETY ARE MAJOR CONCERNS.

**FEED, BEDDING, AND EQUIPMENT**: Campers will provide their own horse, grain, hay, bedding, tack, grooming and stall cleaning equipment, and containers for feed and water in the stall.

Horses will be stabled in box stalls. Stalls will be pre-assigned. Campers who will be sharing equipment and wish to stall together MUST request this in writing on the original application. Stalls must be bedded with sawdust or shavings. No other bedding material is permitted. All stalls are on concrete. We recommend insulated sheathing boards or rubber mats under at least four bales of shavings for initial bedding, and at least one additional bale to be added mid week. If you do not use a floor liner under the shavings, we suggest a minimum of six bales of shavings, with an extra bale for use mid week.

Campers are expected to be able to feed their own animals, keep the stall clean, and otherwise care for and control their animals. Campers should also be capable of saddling and bridling without assistance. Staff members and instructors are always available to help with any problems and to check equipment.
